

HOW TO SAVE KIDS ARTWORK

1

CREATE A PRIVATE INSTAGRAM ACCOUNT

Create an account using a title like FAMILYLASTNAMEARTWORK. This account could be shared with loved ones but its primary goal is to store photos of your kids artwork.

2

CREATE AN INBOX FOR ART COMING IN HOME

This might be a wall organizer, a folder in a drawer, a cork board that displays art until it's full, etc.

3

SET ASIDE TIME EVERY 1-3 MONTHS TO TAKE PHOTOS OF FAVORITE PIECES

Recycle papers that don't spark joy. Take a close-up photo of all others. You may choose to save some hard copies of absolute favorites. Recycle after photographing. Explain to your children why you're recycling them. And tell them an exciting art book is almost on the way!

4

UPLOAD PHOTOS TO PRIVATE INSTAGRAM ACCOUNT

Use custom hashtags like NAMEFIRSTGRADEART to differentiate between children and inform your photo book.

5

ORDER BOOK OF PRINTS AND ENJOY

Use custom hashtags to create photo book using Mixbooks, Shutterfly or similar. Order, and enjoy for years to come!
